

## List for correct separation of lightweight packaging

Which waste should be collected in the Yellow Bin/Yellow Sack?

**Only used and empty sales packaging may be put into the Yellow Bin/Yellow Sack. Rinsing of the packaging is not necessary.**

These include:

- medicine blister-packs
- aluminum caps
- aluminum covers and cans (tins, without deposit)
- butter wrappers
- cream tin
- shampoo and body wash bottles
- plastic shopping bags
- wrapping foil
- plastic ice cream packaging
- paint buckets
- plastic wrap
- beverage cartons
- yoghurt tubs and tops
- coffee vacuum packaging
- cork
- crown caps
- milk cartons
- plastic household-cleaners bottles
- quark cups
- chocolate foil wrappers (aluminum/plastic)
- spray cans
- stoneware bottles
- polystyrene packages
- tubes (e.g. for toothpaste, balm)

**Please do NOT put any waste than sales packaging into the Yellow Bin/Yellow Sack – even if they are made out of plastic, metal or composites.**
